

Fig 1

A cross-sectional view of a semi-circular structure, likely a dome or a large pipe. The structure consists of multiple concentric layers. The outermost layer is labeled 1. Inside it is a layer with diagonal hatching, labeled 6. The next layer inward is labeled 7. The innermost layer is labeled 8. A central joint or seam is labeled 5. The base of the structure is labeled 4. The bottom edge of the structure is labeled 9.
